

CAUGHT DOING SOMETHING GOOD!

Bobby started working at the YMCA at the beginning of the 2014 school year and attends Mansfield University as an Education Major. As our Kids Klub has grown, Bobby has come up with great projects and incentives for the kids. He has helped the kids create paper mache volcanos over a span of 4 weeks which gave the kids something to look forward to and strive for good behavior. He's also created a behavior board—each child in Kids Klub has a clothespin with their name on it. Each day is a fresh start and as they do good and helpful things, their clothespins move up. If they are having a rough day with behavior, their clothespins move down. The board is a great way for kids to feel accomplished and see where they are. They love having Bobby around because he's full of energy and comes up with fun activities and games. The Y is lucky to have Bobby!
