

CAUGHT DOING SOMETHING GOOD!

Lacy Young, Madeline Morse and Lindsay Everett are three of our Summer Camp counselors this year. They have done a great job doing fun activities with the campers which incorporate the YMCA values; Caring, Respect, Honesty and Responsibility. Recently, they did an activity with them which showed them how certain things we say and do can be hurtful. The campers made a paper heart and decorated it to their liking and put their name on it, then they gave their heart to another camper. The counselors then acted out certain conversations or actions that could potentially hurt their hearts, and the kids crumpled the hearts. At the end, Lacy explained how the wrinkles never truly go away, and something that's hurtful will leave a wrinkle in someone's heart. Our counselors continue to do a great job instilling the core values of the Y, and making camp a fun and educational place for kids in our community. Thanks girls!
