

## **CAUGHT DOING SOMETHING GOOD!**

Heather McCarthy has been working at the Y since October 2012. She is a full time student at Mansfield University and holds another part-time job. Heather opens the branch and has built meaningful relationships with the members who come in the mornings, as well as the members who she works out with in the afternoons and evenings. On several occasions, she has visited members who were unable to come into the Y because of medical reasons. Members and staff feel welcome when they see Heather and she is always willing to help with anything we need here at the Y. She will always raise her hand to help out with activities and community events. Heather does an amazing job communicating with members and staff. We are very lucky to have her as part of our YMCA family.
