

CAUGHT DOING SOMETHING GOOD!

Justine began working at the YMCA at the end of summer camp in 2014. She has been a key person in growing our Kids Klub and planning activities. Recently, we have been focused on creating concrete curriculum and schedules for Kids Klub. Justine's focus has been to make sure we are providing kids with an opportunity to learn in a safe and fun environment. Her willingness to take on new challenges is a crucial aspect of her employment here at the Y. We will have her enthusiasm for years to come as she will be a summer camp counselor and plans to attend Mansfield University in the Fall.
