

CAUGHT DOING SOMETHING GOOD!

Whitney attends Mansfield University and is involved in extracurricular activities on campus including several bands and ensembles. Among all of these activities, she continues to work front desk at the YMCA. Over the summer months, while working a full time job, she picked up extra hours here at the Y when we needed help with Child Watch. Whitney is always willing to help anytime we need assistance. She creates and maintains our Upcoming Events whiteboard at the branch, as well as assists with surveys, tracking and much more. She welcomes members with a smile and is able to answer any questions or settle any concerns they might have. Thanks for your continued hard work and dedication Whitney!
